ORDER:

In the reference read above, the Engineer-in-Chief (R&B) Roads has reported that the road from Machilipatnam – Vijayawada road to Prasadampadu is an important ZP taken over road. Total length is 4.60 Km. It is an important link road for two National Highways NH 9 to NH 5 and number of educational institutions like Engineering colleges and corporate colleges are existing on this road. It connects Prasadampadu village on NH 9 and Kanuru village on NH 5. The vehicles coming from Eluru side traverse on this road without entering in to Vijayawada city. The present 3.80 M carriageway width is very much insufficient to cater the needs of heavy commercial vehicular traffic. Being a link road connecting the two National Highways, the non commercial vehicular traffic is also substantial and adds to the requirement of widening of the present carriageway from 3.80 M to 7.00 M width. If the road from Prasadampadu to Kanuru is widened there will be a saving of 10 Km distance for the vehicles coming to NH 9 from Eluru side in addition to saving in time. This road is strategically and economically very important road. A major drain is passing adjacent to the carriageway on left side of the road from Km 3.600 to 4.600 and retaining wall is required to be constructed to safeguard the carriageway. He has, therefore, requested to accord administrative sanction for an amount of Rs.590 Lakhs for the above work.

2. He has further reported that the road from Penamaluru – Chodavaram is an important Major District Road. The road starts at NH 9 at Penamaluru and ends at Chodavaram. This road leads to an important Sri Nagendra Swamy temple at which yearly Jataras are performed and its provides transportation of agricultural produces like paddy, sugarcane, chillies etc...and commercial produces like tobacco and cotton etc... the village limits of Penamaluru covers a length of about 1.50 Km. The existing road in Penamaluru village is proposed to be widened to 10.0 M from the existing 4 M. After removing all encroachments, shifting of utilities, the site permits for widening & strengthening the road from the existing 4 M to 10 M for a length of 1.10 Km and the balance length to 7.00 M. He has, therefore, requested to accord administrative sanction for an amount of Rs.150 Lakhs for the said work.

3. The Government after careful examination of the matter hereby accord Administrative Sanction for an amount of Rs.7.40 Crores (Rupees seven crores and forty lakhs only) for taking up the works “(1) Improvements to Machilipatnam – Vijayawada road to Prasadampadu (via) Kanuru from Km 0.000 to 4.600 with an estimate cost of Rs. 5.90 Crores (2) Widening & Strengthening of road in Penamaluru Village with an estimate cost of Rs.1.50 Crores” under Plan duly providing additional grant.

P.T.O.,
